## *Quick Facts*

- INTRODUCTION** We specialize in producing artisan wines from local sources. Our unique growing area allows us to produce fine wines ranging from classic Burgundian Pinot Noirs to luscious and bold New World Zinfandels. We have over twenty different wines on our menu of wines and over received over one-hundred awards over the years.
- VINEYARDS** Our grapes come to the winery from premier vineyards in the Columbia River Gorge. We have been working with the some of the same growers since the 1980's and continue to get the best quality grapes in the area. Our estate vineyard is planted with Riesling, Pinot Gris and Chardonnay.
- WINEMAKER** Michael Sebastiani, a fourth-generation winemaker from Sonoma, CA leads our winemaking team along with Cellar Master Robb Bell and long time winemaker's assistant Francisco Chairez. Michael's winemaking philosophy stems from the drive to make wines that express the true quality of the grape. Aging the wine longer in neutral oak barrels, having a hands-off approach and getting fresh high quality grapes is all part of the mission.
